Objective

MERN stack developer with a strong foundation in JavaScript, React, Node.js, Express, MongoDB, and MySQL. Passionate about building efficient, scalable, and dynamic web applications. Quick to adapt, skilled in problem-solving, and committed to staying current with evolving web development trends. Seeking an opportunity to contribute to innovative projects and collaborate within a forward-thinking development team.

INTERNSHIP

MERN Stack Intern, *ThinkNEXT Technologies*   **May 2023 – Dec 2023**
- Gained hands-on experience applying MERN stack concepts in real-world projects.
- Analysed problems and collaborated with teams to develop effective solutions.
- Followed best practices in full-stack development and contributed to project architecture.

Education

MCA   **2024- 2026**
Chandigarh University | Punjab

B.A. IT   **2020- 2023**
GGDSD College | Chandigarh

XII   **2019- 2020**
Dayanand Public School | Barwala

Project

Real-Time Chat Web App (MERN Stack)

- Built a real-time chat web app with JWT authentication and 1-to-1 messaging.
- Integrated Socket.IO for instant message delivery, online/offline user status.
- Developed REST APIs for chat creation, message handling, and chat history storage using MongoDB.
- Implemented features like last message preview and a responsive UI for a smooth mobile experience.

E-commerce Website (MERN Stack)

- Built a fully functional e-commerce site with product listings, a cart system, and order management.
- Integrated payment gateway and implemented an admin dashboard for product and order management.
- Used Redux for state management and followed responsive design principles for mobile compatibility.

Blog Website (React + Firebase)

- Designed and developed a dynamic blog platform with a user-friendly UI using React.
- Integrated Firebase Authentication for user login/signup and Firebase Firestore for storing blog posts.
- Enabled users to create, edit, and delete blog content with real-time database updates.

Technical Skills

Frontend: HTML, CSS, JavaScript, React.js, Bootstrap, Tailwind CSS
Backend: Node.js, Express.js
Database: MongoDB, MySQL, Firebase Firestore
State Management: Context API, Redux
Tool & Platforms: Git, GitHub, Postman, VS Code, Chrome DevTools, Vercel

Certifications

Full Stack Web Development (MERN)
ThinkNext Technologies Pvt. Ltd.   **Dec 2023**
Web Dev Workshop
Google Developer Groups   **Feb 2025**
ReactJS
Infosys   **Feb 2025**
Machine Learning for Data Science Projects
IBM SkillsBuild   **Sep 2025**
